When First year students will take a selection of required courses in their first semester including math, English, First-Year Seminar and other courses from the Pathways Curriculum.

Will I get to choose my own schedule?

No. First year students are enrolled in a block program and do not get to choose their own schedule. Changes to the block schedule are only made based on incoming credit. We cannot accommodate course, time, or professor preferences for students.

How do I submit my transfer credits?

Email FreshmanCreditEvaluation@baruch.cuny.edu to submit all your AP/IB scores and college transcripts. It’s best to attach a PDF of your score report to your email and not rely on the College Board. Send your scores and transcripts ASAP.

Why do I have to take History or Politics courses?

Every CUNY student must complete the Pathways General Education Requirements to earn a degree. Courses like History, Politics, Philosophy, Art History and more are all required for every major. The next few pages will review the Pathways Requirements.

When do I get to take classes towards my major?

Most students will begin taking classes towards their major in sophomore or junior year. At Baruch, business majors have a lot of pre-requisite courses before they can start their major. You’ll begin taking your pre-requisites in your second and third semesters at Baruch. Students who major in liberal arts subjects or Public Affairs may begin taking classes towards their major in their second semester.
Will my classes be in person or online?

Some of your classes may be online or hybrid (both in person and online meetings) but students should expect that most of their classes will be in person. Pay attention to emails regarding vaccination requirements and deadlines!

Will my classes be every day?

Most classes are Monday/Wednesday, Tuesday/Thursday or on Fridays. Some students will have classes every day and some will have schedules that are only four days. For your first semester plan be available Monday through Friday from 8:30 am - 5:30 pm. We generally do not assign weekend classes. We cannot accommodate commutes or requests for days off.

How many classes will I take?

Most classes at Baruch are 3 credits each and a normal course-load is 15 credits each semester. You will take 5 classes for credit plus First-Year Seminar which is zero credits but required for graduation. A full time schedule is between 12-18 credits. Less than 12 credits would be part-time. More than 18 credits will require approval for a credit overload.

Can I make requests for my schedule?

You can always ask but we cannot guarantee any special requests for schedules. Many students ask for no classes on Fridays or to not have early classes or late classes. It is impossible to accommodate every student’s request. When considering schedule changes our only priority is transfer credit.

Do I have my own advisor?

Baruch students are not assigned Academic Advisors. You can email us at Academic.Advisement@baruch.cuny.edu. Once the semester begins you can schedule an appointment with an Advisor on Navigate. Always use your Baruch email address and include your CUNYfirst empl id number in all of your emails. Or visit us in the Baruch One Stop Shop!
# PATHWAYS: THE REQUIRED CORE

4 COURSES = 12 CREDITS

## English Composition (Two courses required.)

1. ENGLISH COMPOSITION 1: ENG 2100 (or ENG 2100T)
2. ENGLISH COMPOSITION 2: ENG 2150 (or ENG 2150T)  
   (pre-req ENG 2100 or placement)

## Mathematical & Quantitative Reasoning  
(One course required. Transfer credit overrides Math placement)

- A 2000 level Statistics course (STA 2000, PSY 2100, BIO 2100)
- MTH 2140 or MTH 2160  → (For BA only; some liberal arts majors require advances math)

## Life and Physical Sciences  
(One course required; MUST correspond with Flexible Core: Scientific World)

- BIO 1012  → co-requisite with BIO 1011L in the Flexible Core (Scientific World)
- BIO 1016  → co-requisite with BIO 1015L in the Flexible Core (Scientific World)
- CHM 1004  → co-requisite with CHM 1003L in the Flexible Core (Scientific World)
- ENV 1004  → co-requisite with ENV 1003L in the Flexible Core (Scientific World)
- PHY 2001  → co-requisite with PHY 2002L in the Flexible Core (Scientific World)

**Request Department permission to enroll in a stand-alone lab or lecture.**  
**Visit the Department of Natural Science website for information.**

## Notes:

* **Science:** At Baruch, Life and Physical Science is the **LAB** component, and is co-requisite with a **LECTURE** in Scientific World. That makes 6 credits of science in the same semester. Students with transfer credit for a lab or lecture should request permission to register for a stand-alone lab or lecture on the Department of Natural Science website.

* **Intended science majors should take STEM Variant classes (4 credits each):** BIO 1012, BIO 1016, CHM 1004, ENV 1004, PHY 2001

* Transfer and AP credits may satisfy some Pathways requirements. Submit transcripts and score reports to FreshmanCreditEvaluation@baruch.cuny.edu as soon as possible.
Review of Math Requirements

Review the math requirements for your intended major

Zicklin School of Business
- If your math placement is calculus (MTH 2205, 2206, 2207, 2610) then no math is required.
  The completion of calculus is not required.

Statistics & Quantitative Modeling is the only Zicklin major that requires the completion of calculus.
Students who transfer credit for calculus will be waived from QNT 2020.

Weissman School of Arts & Sciences
Weissman students may select MTH 2140/2160 for the Pathways Required Core: Math & Quantitative Reasoning requirement but some liberal arts majors require more advanced math.

Psychology: PSY 2100
Economics: MTH 2003 or a higher level math
Corporate Communication: completion of MTH 1023/1030 or placement into a higher level course

Follow the math sequence below for the following majors: Mathematics, Actuarial Science, Financial Mathematics, Computer Science, Biology/Natural Science

Marxe School of Public & International Affairs

To continue the study of math follow the sequence below:

### Notes:

*The first semester block schedules are designed to provide a well balanced program for all first year students. Your classes have been chosen to help you satisfy your core requirements, make progress towards major eligibility, and keep you on track for timely graduation. You will not get to choose the Flexible Core classes included in your first semester schedule but you will have the opportunity to choose all of your classes and class schedules for all of your upcoming semesters.*

*Speak to the Orientation staff during your Orientation day if you have concerns about your block program and make sure to submit all transcripts and AP scores to FreshmanCreditEvaluation@baruch.cuny.edu as soon as possible.*
