Language requirements

All courses offered to exchange students are taught in English.

Students taking bachelor's courses

- No formal proof of English language proficiency is required from students who are nominated to participate in the bachelor exchange program, in which they are only allowed to follow bachelor courses.
- However, the program responsible (coordinator) at the home university has to state that the level of English of the student is sufficient, by signing the ECTS statement (send by the Faculty of law of Maastricht University, together with the application instructions to the student).

Students taking master's courses

- Students, who are nominated to participate in the law master exchange program and who are allowed to follow bachelor and master courses, will have to provide proof of sufficient English language proficiency.
- We will accept certificates of level B2 (not older than two years) or C1 or higher (not older than three years) of the Common European Framework of Reference issued by: an official language institute (or language centre of the home university of the student) or a qualified English language teacher, signed and stamped. *The level stated on the certificate needs to be based on a test regarding the reading, writing, listening and speaking English language skills of the student and not based on their English language proficiency skills during a certain course, they followed completely in English.

Other certificates that suffice are:

- TOEFL internet-based with a score of 90 or more (not older than two years).
- IELTS with a total score of 6.5 or more (not older than two years)
- CPE (all grades, not older than two years).
- CAE (Cambridge Assessment English) of level C1 or higher (not older than three years) with the grades A, B, C or C+.

Native speakers and students taking their degree program entirely in English are exempted (be it that visa requirements with regard to language level may apply and cannot be exempted). Students taking their degree program entirely in English at their home university need to upload proof of this. An official transcript of grades or statement from their home university, on which is clearly stated that the student is following their degree program entirely in English, will suffice.

Courses

You can find an overview of the courses, offered to exchange students [on our exchange website](#) and the course descriptions can be found on our course finder, which can also be accessed through our exchange website.

Language courses

The Language Centre of Maastricht University offers several language courses.

If exchange students are interested in a language course, we advise them to register as soon as possible, as the capacity is limited. Before they enroll in a language course they will have to contact their home university to find out whether or not their home university acknowledge the grades/credits earned for a language course.

Exchange students will receive a separate Proof of Participation and transcript of grades from the Language Centre. The grades and credits of their language courses will not appear on their transcripts of grades of their exchange. Language courses are not part of the faculty's regular course offer and require an additional fee. Students have to pay this fee themselves.

For more information on available times, fees and to register please check the website of the UM Language Centre: <https://www.maastrichtuniversity.nl/about-um/other-offices/language-centre>.

Exams and re-sits

Please note the exams and re-sit periods very carefully in the academic calendar, which can be found [on our exchange website](#). Students must be present in Maastricht to take exams and a re-sits, as planned on the examination-schedule. Unfortunately, the Examination Board of the Faculty of Law at Maastricht University does not permit students to take exams and re-sits at the student's home university. The very last re-sits of the academic year take place by the end of June/beginning of July.
