Course Enrollment

Students may select 100-level through 400-level classes for which they meet the pre-requisite requirements. Students cannot enroll in Music performance, Medical School, or Law School courses. Students coming on the undergraduate exchange are also not allowed to take 600-level classes and can only enroll in 500-level classes with special permission of the instructor and department. Special restrictions apply to courses within the College of Engineering and Miami Herbert Business School. Neuroscience classes may not be available to exchange students due to limited space.

Course Registration

Undergraduate students can register for 12 to 20 credits. Students register for courses one semester at a time. Students should use the Academic Bulletin for academic planning purposes, as it is subject to change and may not reflect the course offerings during specific exchange periods.

Housing

On-campus housing at UM is currently facing a shortage and as such on-campus housing is not guaranteed and the likelihood of obtaining a spot is extremely unlikely. We advise students to research off-campus housing options, and to consult the off-campus housing guide accessible at:

Visa Information

Upon acceptance to UM, students will receive an acceptance letter and an I-20 form. With these documents, students then apply for an F-1 visa. When students enter the U.S. on their F-1 student visa, they are usually admitted for the duration of their student status. This means that they may stay in the U.S. as long as they are a full-time student, even if the F-1 visa in the passport expires while the student is in the U.S. (If students have been approved to extend their period of stay for another semester, their I-20 form will be updated and they will be able to remain in the US for the extended period of study, as long as they retain full-time student status.) Once a student's I-20 form expires, they will not be able to use it to travel outside the U.S. and re-enter the U.S. in F-1 student status even if their F-1 visa is still valid.
