Study plan

Students should use our course catalogue published every summer. Applicants must base their course selection on courses from the previous year and adjust later if necessary.

Study plans are approved by our academic advisors before the semester starts. If needed, students will be able to adjust it once in Geneva.
Main academic restrictions
- Bachelor level students are not allowed to take courses at Master's level.
- Courses may be chosen from two different Faculties/Institutes at the most.

Please refer to our website for Faculty general and particular restrictions

Recommended language skills
The main language of instruction is French; however, a wide range of courses are given in English. Requested level for both: B2

Exceptions/French level: - C1 for students in French Literature
- A2 or more for our Ecole de langue et de civilisation françaises (see hereunder)

For courses taken in French and/or in English, students are requested to provide either:
- an official test
- an official letter from a professor attesting their level

If students take French and English courses, they must provide a test or attestation for both languages.

We provide access to a French test (cost CHF 30.-). The link is sent to students along with registration instructions.

Improving French skills
Before the exchange: Intensive French courses are available during the summer and winter holidays, with special rates for exchange students. The link is provided to nominated students along with online registration instructions.

During the exchange: 2 free French support courses per week are available during each semester (3 ECTS each). Once registered, participation is mandatory.

Our “Ecole de langue et de civilisation française” offers intensive French language course modules of one or two semesters – French level B1 is requested for the Année propédeutique / A2 for the Année d’immersion (linguistic and cultural courses).

Visa and Residence Permit
Non-EU citizens may require a visa and must contact the nearest Swiss embassy 3 months before entering Switzerland in order to inquire about the visa procedure. Visa request for students over 30 is subject to a specific approval. Visa allowance is not guaranteed.

The visa will allow entry into Switzerland. Students will also need to request a residence permit from the Geneva Migration Office (OCPM) upon their arrival in Geneva.

Housing
As soon as your student is nominated, she/he will get a link to register online for the Cité Universitaire de Genève to ask for a room.

Students over 34 can not apply for a room at the Cité Universitaire. Please contact our office for more information. Rooms are allocated on a first-come first-served basis. Please send us your nomination as soon as possible.
Cost of living in Geneva
The average cost of living for a student in Geneva is approximately CHF 2,000 per month.

Students will have to prove financial capacity (statement of account and assets), both for visa and residence permit requests.

Insurance
Health insurance is mandatory in Switzerland (accident and health). Students may request recognition of their private insurance or subscribe to a Swiss student insurance policy upon arrival in Switzerland (from CHF 64.- per month).

Transcripts
A transcript will be issued about 6 weeks after the assessment period has finished at our institution. Students are required to indicate their International Office postal address before the end of the exchange so that Partner Universities can get the official transcripts directly (through their student portal or the student office).

Partners news
We created a web page dedicated to our partners to pass on news for students or researchers (calls, jobs, grants..). We will be happy to publish your information.
