The academic year is divided into two semesters:
1st Semester – from mid-September to end of January (including re-sitting)
2nd Semester – from beginning of February to end of June (including re-sitting)

Portuguese and English

Grades are given on a scale of 0 (lowest) to 20 (highest) and the minimum passing grade is 10.
ECTS grading system from A to F is implemented.
The translation of the grades is made by the home University of the student.
**Exams and Evaluation**

Most courses are evaluated through “continuous evaluation” which uses a combination of class attendance and participation, individual and group coursework and final tests. At the undergraduate level, students need to achieve the minimum passing grade in all evaluation elements; otherwise they must take the resitting exam that counts for 100% of the final grade. All courses offer resits to students who have failed or wish to improve their grades. These count for 100% of the final grade.

Please check with your course coordinator regarding the specific evaluation methods should be confirmed by the students before the start of each course.

**Attendance**

Students are required to attend at least 80% of the classes. They will receive a student card upon arrival at Iscte.

**Transcript of Records**

Transcript of records are issued automatically. A copy is sent to the student by e-mail and the original to the IRO of home University.
Arrival Information

**ARRIVAL AND REGISTRATION**

Students are advised to arrive at least one week before the Orientation Programme, to take care of all administrative matters, adapt to the new environment and be in time for the first classes.

It is compulsory for the students to register after arriving and check out before leaving Iscte, personally at their Iscte School. During registration, students receive the student card and the welcome package.

A Confirmation of Stay can only be filled for the period of the student’s stay at Iscte, (e.g. arrival day: orientation programme, first day of classes; departure date: last day of classes, last exam).

SPORTING FACILITIES

The ISCTE University Sports Unit (UniSport) aims to promote the wellbeing of the entire academic community, creating conditions that allow for the integration of high-caliber athletic performance into academic life, the inclusion of new students and employees in sports activities, and the incorporation of sports values in the education of all our students. Visa

National students from European Union (EU) countries, European Economic Area/EEA (Iceland, Liechtenstein and Norway) and Switzerland do not need a visa to enter Portugal. Other foreign students must obtain a residence study visa before departure from their home country, at the nearest Portuguese Embassy or Consulate. For enrolment at ISCTE, it is compulsory to present a student visa. Please consider that a ‘tourist’ visa will not be accepted. Be aware that in some cases it may take up to 60 days.

Health Insurance and Life Insurance

Students from the European Union (EU) countries and the European Economic Area (EEA) must obtain a European Health Insurance Card in their home country. Students coming from outside the EU or EEA should make sure that they are properly insured for the whole semester/academic year before arrival.

In all cases, a life insurance is highly recommended. This insurance should include accident, illness (international medical evacuation as well) and repatriation in case of death. It is the responsibility of each student to ensure they have sufficient insurance coverage for the full duration of their entire stay.
