CREATE CHANGE

Study Abroad and Incoming Exchange

An international study experience at UQ will broaden your horizons, change your understanding and transform your world outlook.

Consistently ranked among the world's top universities, The University of Queensland (UQ) offers inspiring teaching across more than 4000 courses, world-class indoor and outdoor learning environments, and outstanding facilities. Of UQ's 53,000 student population, more than 18,000 are international students.

The University's outstanding 264,000-plus alumni include a Nobel laureate, the CEO of

a Fortune 500 company, an Academy Award winner, and leaders in government, law, science, public service and the arts.

UQ is one of only three Australian members of the global Universitas 21; a founding member of the Group of Eight (Go8) universities; a member of Universities Australia; and one of only two Australian charter members of the prestigious edX consortium, the world's leading not-for-profit consortium of massive open online courses (MOOCs).

Where is UQ?

UQ offers one of the best campus experiences in the world in a location renowned for its welcoming and relaxed lifestyle, subtropical climate and vibrant and diverse culture.

Brisbane, the home of UQ's St Lucia and Herston campuses, is the capital city of Queensland. Young and progressive, the city

is fast becoming a hub in the Asia-Pacific for business, investment, major events and education. With a population of 2.4 million, Brisbane is also home to over 200 nationalities and 220 languages.

Gatton, the largest town in South-East Queensland's Lockyer Valley, is the home of the UQ Gatton campus. Bordered by unspoilt mountain ranges and located only 87 kilometres from Brisbane, Gatton has a culturally diverse population of approximately 7000 people.

Queensland is Australia's largest state by area, and is home to some of the most important natural sites in the world, including the Great Barrier Reef. The state boasts pristine beaches, coral reefs, rainforests, mountain ranges, and outback towns. One of the best ways to discover these is to enrol in a UQ course with a field trip.

Choose a course

Study at one of the most comprehensive universities in Queensland, with more than 4000 courses on offer for you to choose from. Most courses at UQ are open to Study Abroad and Incoming Exchange students, but some require permission from the relevant UQ faculty or school prior to enrolment. For courses you list on your application, UQ's Study Abroad and Incoming Exchange Advisors will request permission on your behalf, and you will receive a report with your letter of offer indicating which courses have been approved.

Follow these simple steps to find courses:

- 1 Go to my.uq.edu.au/programs-courses. Enter a search term in the search bar – you can search by course code or area of interest – and choose 'Courses' from the drop down menu on the right-hand side.
- 2 Check the level of the course (undergraduate or postgraduate), and which semester and campus it is offered: click on the semester for course description.

NOTE: Course information for 2020 will not be available until September/October 2019. Until that time select the most recent year to view the course description.

- 3 On the course description page you will find a short description of the course as well as a link to a detailed course profile. A note on the left sidebar will advise if the course is pre-approved for Study Abroad and Exchange students (if the course is not pre-approved, you must meet the prerequisites to apply).
- 4 To refine your search, go back to the search results page and from the left navigation menu, select your filters: for example, refine your search to include only pre-approved courses for Study Abroad students and/or courses offered in a particular semester.

NOTE: Most Clinical Health Science courses (Medicine, Dentistry, Physiotherapy, Occupational and Speech Therapy and Vet Science) are not available for Study Abroad or Incoming Exchange students.

Entry requirements

To meet UQ's entry requirements for the Study Abroad or Incoming Exchange programs you must:

- have completed at least one full-time year of study at an accredited university

Accommodation options

Students have three main accommodation options:

1 On-campus colleges

If you want to arrange your accommodation ahead of time, have your meals catered and lots of support and activities at your fingertips, consider living at one of UQ's Residential Colleges. Spaces at the Colleges are very limited and in high demand. Apply early to avoid disappointment.

2 Off-campus student accommodation

If you want to be a little more independent but still have your accommodation arranged before you arrive, consider living in off-campus student housing. This is self-catered, furnished accommodation designed for students that can be booked online. Preferred providers are listed on the website my.uq.edu.au/student-support/accommodation/approved-providers

3 Private housing

The third option is to book temporary accommodation and wait until you arrive in Brisbane to secure permanent accommodation. If you choose this option, plan to arrive in Brisbane at least two to three weeks before the start of Orientation because it can take some time to find a suitable place and get settled in. This option offers the widest variety of choices and prices. my.uq.edu.au/student-support/accommodation

Guaranteed accommodation

UQ offers guaranteed accommodation to incoming Study Abroad and Exchange students commencing at St Lucia or Herston campus.
