ACADEMIC INFORMATION

Full course load per semester:
Except different rules from home universities, an exchange student has to take a full course load at the Universidad Externado, which it is equivalent to 18 credits per semester – around 6/8 subjects.

1 credit = 48 study hours/semester
Election of courses
Foreign students are authorized to select courses from other faculties, but they have to take at least 60% of credits in the faculty of registration. The exact number of courses or ECTS credits has to be determined by the home institution. Before coming to Externado, students must pre-select their subjects.

Professional Volunteering Program
The Faculty of Finance, Government and International Relations proposes a Professional Volunteer Program, which offers our visiting students the opportunity to increase the socio-cultural knowledge as a complement of their academic activities.

The program allows students to work with some recognized Colombian and International NGO’s such as Barefoot Foundation and Techo among others, getting to know the real needs of the most vulnerable Colombian population.

The students receive academic credits for this activity. The number of credits will depend on the number of worked hours. The registration process starts at the beginning of each semester.

  - Apartments: from 200$US to 400$US/month
  - Food: 150$US/month

Orientation Week

International Student Orientation Week takes place one week prior to the beginning of each semester. During this week, the faculty organizes activities to help our visiting students to familiarize with the University, the city and the structure of the academic system at Externado. This time is also allocated for students to have a chance to look for housing options, a process that we support through a tour of the neighborhood and direct contact with students interested in hosting visiting students.
